From

The President, Bangalore city Municipal Council

No 104 Dated 26 10 10 Received 28 10 10

ary No 2764	Enclos 3	Spare Copies	Serial No 1

BRIEF ABSTRACT OF LETTER

Recommends with refer to GO No 2602/Mul 164-09-2 dy 14-9-1910, that it is desirable to enforce upon the timber merchants of the Bangalore City the necessity to maintain accounts and execute muchalikas in the revised forms ~~furnished~~ by the municipality

NOTES AND ORDERS

In the above Govt Order it was suggested that the available sites for timber depots might be leased out from time to time for reasonable rents instead of being sold by auction. In regard to this, the President states that the sites are being invariably leased out and are not sold.

~~Public auction~~

2 In regard to the defects in the present system of levying octroi on timber, referred to in para 2 of the above ~~f.c~~, the President states that they were brought to the notice of the successive Presidents, that with a view to exercise a more efficient check on the quantities of timber and sold and to prevent the possibility of it, the timber merchants were, from time to time, required to submit their monthly accounts in a revised form noting the kind of timber and the measurements of each log imported and sold by them that for some reason or other they have declined to carry out the above order, that after hearing the practical difficulties and inconveniences of the merchants the successive Presidents have permitted the continuance of the present ~~practice~~ concession of allowing the merchants to pay the octroi duty on timber actually sold, and that after carefully considering the question and after having discussed it with the leading merchants, he (President) issued an order, some time back urging upon the timber merchants the necessity for acting up to the octroi bye-laws which required payment of duty as soon the logs are imported and before they are removed to the timber-yard For one reason or other the merchants a reported to be u

Note — Contn sheet

accounts in the new form and the continuance of the existing system. The President adds that the objections of the timber to keep their accounts in the new are frivolous and unreasonable. He recommends, in the interests of the revenue, the desirability of compelling them to adopt the new forms of accounts and Nuteshalika.

3 Submitted for orders

4 Were the forms now in use and sought to be revised sanctioned by Govt? If so, please put up the order. If not, why is the order of Govt now sought for adopting the revised forms?

5 Have not the draft by-laws relating to octroi and other matters been sent to the President for being placed before the Municipal Council and obtaining their views? Why is this reference made separately instead of incorporating the necessary modifications in those by-laws and submitting the same

The President,
Municipal Council,
Bangalore City

Mc 166-10/811

To

The Secretary to the Government of
His Highness the Maharaja of Mysore,
General and Revenue Departments, Bangalore

Sir,

Reference

Govt Proceedings No 2602/P.I.M. (164-09)-12 dated the 14th September 1910, passing orders on the appeal preferred by the timber merchants of the Bangalore City against the temporary grant of a piece of land to Mr Abdul Kareem Hajee Joosub Sait of Bangalore, Civil and Military Station opposite to the Mysore Infantry Barracks on the Arlepet Road for stocking his timber

[redacted]

I have the honour to state, with reference to para 1 of the Order, that the sites that are available are invariably leased out as applications are received therefor and they are not sold by public auction

2 With regard to para 2 of the Order under report, I beg to state that the defective system of levying octroi on timber was brought to the notice of the successive

2

Presidents since the time of its introduction in 1900 Accordingly with a view to exercise a more efficient check on the quantities of timber imported and sold and to prevent the possibility of smuggling it, the merchants concerned were from time to time required to submit their monthly accounts in a revised form as shewn -hereunder noting therein the kind of timber and the measurements of each log imported and sold by them

Particulars	Description of timber: Teak C Ft In Parts (1)	Jonne C Ft In Parts (2)	Rose C Ft. In Parts (3)	Other Class C Ft. In Parts (4)	Total C Ft In Parts
Opening balance for the month					
Receipts during the month					
Total					
Sales from Bill No dated up to the bill No dated					
Closing balance for the month					

They represented various difficulties they felt for adopting the revised form-especially for noting in their accounts the measurements of each log imported and sold and ultimately declined to carry out the order under some pretext or other The successive Presidents after urging upon the timber merchants to render their accounts in the revised form and after hearing the practical difficulties and inconveniences they are subject to in its adoption, seemed to have permitted the continuance of the existing concession which was shewn to them at the commencement, Viz , to recover duty only on the logs as they are actually sold

3

3 After entering into the question in detail and realizing the defective state of the existing system of levying Octroi on timber, I, having previously held several conferences with the leading timber merchants in the matter, issued an order-a copy of which is submitted for reference, some time back, urging upon them the necessity for acting up to the Octroi Bye-Laws which required payment of duty as soon as the logs were imported and before they were taken to the Timber Yard But they have been repeating their difficulties which appear to be more or less imaginary A copy of their last representation dated the 14th April 1909, setting forth their grievances is herewith submitted for the information of Government

4 They are thus unwilling either to render accounts in the form prescribed by the Municipality noting the class and measurement of logs or to pay duty as logs are received according to the Bye-Laws They prefer to have the existing concession continued to them and to submit the account in the following old form which was prescribed in the beginning in 1900

Date	Description of timber: Teak	Honne	Bete & others	Total	Remarks
Opening balance for the month					
Receipts during the month					
Total					
Sales during the month					
Closing balance for the month					

4

5 In my opinion, the objections put forward by the timber merchants seem to be quite frivolous and unreasonable and the tacit acquiescence of so many of my predecessors in office in the continuance of the existing concession which is not shewn in the Civil and Military Station Municipality appears only to operate as an encouragement to the merchants concerned to offer now a collective and persistent objection to carry out the orders issued to them As every endeavour made hitherto by conciliatory methods to persuade the timber merchants to adopt the improved system of accounts Etc, having proved ineffectual, I beg to strongly recommend to Government, in the interests of Octroi revenue, the desirability for enforcing upon them the necessity of adopting the revised form of accounts as well as the execution of their muchalikas in the revised form-a copy of which also is herewith submitted for information and favour of early orders

I have the honour to be

Sir,

Your most obedient servant,

[signature]

-President,

Municipal Council, Bangalore City

b v

City Municipal Office,
Bangalore, 1st April 1909.

It is evident from the records that Octroi duty on timber began to be levied within the Municipality from the year 1900 owing to the great activity which apparently prevailed in the timber trade in consequence of building operations being carried on on a large scale in the various Extensions of the City. The Octroi Bye-Laws laid down that duty must be collected on every consignment of the article before it is removed into the City, unless it is exported then and there, or, kept under bond at the Koti for subsequent exportation This rule was, however, not enforced owing to a representation made to the then President Mr Puttanna Chetty, who, however, allowed that duty on timber may be levied only on the quantity actually sold by the merchants, When, however, the timber stock accounts were checked by the Octroi Inspector, there was a deficit of Cli logs in the stock, which the merchants were not able to account for satisfactorily Thereupon with a view to avoid any smuggling in the matter and in the interests of the Municipal Octroi revenue, Mr Sparkes, the President, ordered that duty must be recovered immediately after the receipt of timber into the City Notwithstanding the above order, the timber merchants continued to enjoy the privilege of paying duty only on actual quantities sold

2 In June, 1906, the then President Mr A S Nagavkar in modification of the Octroi Rules made a suggestion that a register be opened in which the number of each log with its description and measurement should be entered which should be attested by the merchant that a statement of receipt and expenditure of each month as per form prescribed

6

should be submitted by the merchants by the 5th of every month following the one to which the accounts relate and so on. Neither any account shewing the actual receipts and expenditure of timber is being furnished by the merchants nor duty levied on every consignment before it is removed into the City There is thus no means of check existing to see whether the whole amount of Octroi due on timber imported into and sold within the City is levied and credited to the Municipality.

3 The matter having been placed before the Board in their Meeting of March 1908, the question was left to the President for arriving at a decision after inspecting the timber yard and listening to the grievances of the timber merchants, if any, in the matter I inspected the timber yard in company with the leading timber merchants and held more than one meeting in which I heard their grievances. After giving the question my best consideration and placing myself in communication with the Municipal Authorities of the Mysore City, I conclude that the grievances of the timber merchants in not being able to keep a register and furnish a monthly account as prescribed by Mr Nagavkar or allow duty being levied according to the Bye-Laws are purely imaginary. They seem to prefer paying duty on the consignment before timber is removed into the City to keep a register and keep accounts as suggested by Mr. Nagavkar This is also in accordance with the Bye-Laws in the matter of levying octroi on such goods The rule will, therefore, be insisted on , which, of course, provides for a refund of the duty paid on timber imported but re-exported in log without being consumed within the Octroi limits.

(Sd) B J. KUMBALWANI NAIK,

President.

Bangalore, 14-4-1909.

To

The President,

City Municipal Council, Bangalore.

The humble petition of Timber Merchants in the City most respectfully sheweth:-

1. That the accompanying notice issued by the Octroi Inspector is highly prejudicial to the timber trade.

2. That the question of the levy of the Octroi duty on timber was discussed many a time and final orders were passed which gave sanction to the existing practice.

3. That orders to the contrary as contained in the notice will re-open the vexing questions relating to

1) the formation of a Quhotee to meet the convenience of the timber merchants,

2) the question of refund,

3) the regulation of trade from City to Cantonment

4) the question of demurrage to be paid to the Railway if there is to be any delay over 12 hours, which is the period allowed by the Railway for clearing the consignment,

5) the inconvenience caused to the cartmen engaged in the transport of timber,

6) the money difficulties to enable the merchants to meet the heavy demand of the duty,

7) the scope given to the minor officials to harass

4 That these matters were carefully considered and orders passed in previous occasions.

5. That on the present occasion, the Octroi officials have not made out any case to deviate from the existing practice.

For these reasons the petitioners pray that the accompanying notice may be held in suspense pending investigation of the intricate question of the levy of duty

8

as newly proposed.
